

Fragasso Financial Advisors

Project: Fragasso Financial Advisors

Architect: JSA Architecture Planning Engineering Interior Design

Owner: McKnight Properties

Shannon Construction was contracted to renovate this 17,500 square foot space. The sculpted wall panels and a custom digital wall covering, had transformed bare walls into breathtaking works of art.

The project had taken five months to complete and within budget. The special features include; the Euro Veil Shade cloth mechoshades, elliptical drywall soffits and light coves and the flexible wood wall covering.
